

Wx::Data ...

Travail en cours

Eriam Schaffter

?

- En dehors du navigateur !
 - Mais il y a du HTTP
 - Multi-plateformes
 - Et performant (c'est le but en tout cas)

Data ?

- Données
 - ListCtrl
 - TreeCtrl

:: !

- Composants `Wx::Data`
 - `WxTreeCtrl`
 - `WxListCtrl`
 - ...
- Hérités de `Wx`
- Auto-Alimentés
- Avec du cache
- Performants ... via le réseau

Parallelisme

- POE !
- Evenements qui coopèrent
 - Parser un fichier
 - Applications réseau
- Plusieurs contrôles en même temps !

Wx::Data::*

- Client
 - Controles
 - Frames
 - Moteurs
- Server
 - Moteurs

Dasco

The screenshot displays the DASCO 3 software interface. The main window is titled "DASCO 3" and has a menu bar with "File", "Batch", "Offline", and "Help". Below the menu bar are several icons, including a power button, a printer, and a help icon. A sidebar on the left is titled "Choose An Application" and lists various categories: "Account Activities", "Daily Administration", "Queries and Report", "Selects", "Sponsorship" (with a sub-item "Find a Child"), "System Maintenance", "Code Maintenance", and "Online Resources". The "Find a Child" option is selected.

The "FindChild" window is open, showing a search interface with "Child Name:" and "Child ID:" input fields and a "Search" button. Below the search fields is a table with the following columns: "Child ID", "Name", "Status", "G.", "Birthday", "Region", "Country", and "Community". The table contains 13 records, with the record for Child ID 3200390137 highlighted. The names in the "Name" column are redacted with black boxes.

Child ID	Name	Status	G.	Birthday	Region	Country	Community
0682200730	[REDACTED]	Sponsored	M	05/18/93	Latin America	Bolivia	068220-Playa Ancha-AAC
